A GOOD FILE,

Like a PRETTY GIRL, should
have good TEETH and a good
TEMPER.

Both these virtues and many others are
embodied in

THE ARCADE FILE.

ARCADE FILES are made with Weed's Improved Increment Cut. The only Files on the market tempered with the even heat of Natural Gas—thus ensuring a Superior Temper. Arcade Files are guaranteed to cut faster and last longer than any other Files made.

If you can save money and get better results for the same outlay, isn't it worth trying when the trial won't cost you a cent?

Send us a sample order and if the Files are not perfectly satisfactory, return them at our expense.
